Notification of Rights under FERPA for Elementary and Secondary Schools

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age ("eligible students") certain rights with respect to the student's education records. These rights are:

(1) The right to inspect and review the student's education records within 45 days of the day the School receives a request for access.

Parents or eligible students should submit to the School principal [or appropriate school official] a written request that identifies the record(s) they wish to inspect. The School official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

(2) The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate.

The parent of a student whose records are covered by this policy may ask the District to amend the student's record if the parent believes it contains information that is inaccurate, misleading, or in violation of the student's right of privacy or other rights. If the District decides not to amend the education records requested, it shall inform the parent of its decision and his or her right to a hearing to challenge the content of the student's education records. If the District decides to amend the records as a result of the hearing, it shall inform the parent in writing. If, as a result of the hearing, the District decides not to amend the records, it shall inform the parent of the right to place a statement in the records commenting on the contested information and/or stating why the parent disagrees with the decision of the District. Any explanation shall be maintained with the contested part of the record for as long as the record is maintained and shall be disclosed whenever the contested portion of the record is disclosed.

(3) The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the School as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the School

has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

(4) The right to file a complaint with the U.S. Department of Education concerning alleged failures by the *School District* to comply with the requirements of FERPA.

The name and address of the Office that administers FERPA are:

Family Policy Compliance Office

APPENDIX A: NETWORK/INTERNET ACCEPTABLE USE POLICY

BELLVILLE INDEPENDENT SCHOOL DISTRICT 2018-2019 STUDENT CODE OF CONDUCT

I. DESIGNATED CAMPUS DISCIPLINE PERSONNEL

The campus discipline personnel on each of the campuses shall be the Principal or the Assistant Principal. The Principal and/or the Principal's designee(s) shall serve as the campus behavior coordinator(s). The duties of this campus discipline person and/or the campus behavior coordinator shall include the following, subject to the provisions of this Code of Conduct and other applicable law:

1. Assist in the implementation of the campus discipline management program.
2. Remove a student from campus to a disciplinary alternative education program.
3. Remove a student from campus for reasons other than to a disciplinary alternative education program.
4. Suspend or expel a student for disciplinary infractions.
5. Act as the Board of Trustees' or Superintendent's designee for student discipline.
6. Report crimes and suspected abuse as required by law and contact local law enforcement when an administrator suspects that a crime has been committed on campus.

II. GENERAL EXPECTATIONS

Students are expected to follow the rules and regulations established by the school district, the school, and the classroom teacher. Students are expected to conduct themselves in a manner that is neither disruptive nor disrespectful and which does not violate the rights of others. This means that the student should become familiar with and observe the laws, policies, rules, and regulations that concern student conduct. In general, the student is expected to behave in a manner that permits uninterrupted learning to take place. Students are expected to cooperate with and assist the school staff in maintaining safety, order, and discipline.

Because the Student Code of Conduct is adopted by the District's Board of Trustees, it has the force of policy; therefore, in case of conflict between the Code and the Student Handbook, the Code will prevail.

Please Note: The discipline of students with disabilities who are eligible for services under federal law (Individuals with Disabilities Education Act and Section 504 of the Rehabilitation Act of 1973) is subject to the provisions of those laws.

This Code remains in effect for the entire 2018-2019 school year, during summer school and at all school-related events and activities outside of the school year until an updated

version adopted by the Board becomes effective for the next school year. A copy of this Code is available at each campus and the District's Web site: <http://www.bellvilleisd.org/>.

VII. STUDENT CODE OF CONDUCT

- A. The District has jurisdiction over its students during the regular school day and while going to and from school on district transportation. *The Student Code of Conduct* applies when:
 - students are being transported to and from school or a school-sponsored or school-related activity at public expense;
 - students are attending school or on public property within 300 feet of school property as measured from any point on the school's property boundary line;
 - students are participating in school-sponsored or school-related activities, regardless of time or location;
 - a student engages in cyberbullying, as provided by Education Code 37.0832;
 - retaliation against a school employee or Board member or volunteer is involved, regardless of time or location; and

- a student commits a felony, as provided by [Texas Education Code 37.006 or 37.0081](#), or a student is required to register as a sex offender.

B. This Code of Conduct is based on several premises:

1. Certain student behaviors are appropriate because they facilitate effective teaching and learning; other behaviors are inappropriate because they interfere with effective teaching and learning.
2. It is reasonable to expect students to behave appropriately and for the school personnel to take measures to prevent students from behaving inappropriately.
3. It is to the advantage of the student to behave appropriately; it is more rewarding for the student and more productive for the school.
4. It is recognized that most students do behave appropriately.
5. Those students who behave inappropriately should be penalized for inappropriate actions, subject to applicable laws and policies.
6. The discipline techniques outlined in this Code may be used for prevention/intervention to change inappropriate student behaviors and to promote positive student behaviors or as part of progressive interventions to address behavior.
7. The use of illicit drugs and unlawful possession and use of alcohol is wrong and harmful. The unlawful possession or use of illicit drugs or alcohol is wrong and harmful.

C. The Code of Student Conduct describes the behavior that is expected of students.

GENERAL INFORMATION

ASSAULTS AND AGGRAVATED ASSAULTS

Students are prohibited from assaulting anyone on school property, within 300 feet of school property or at any school-related event or activity. [TEC Sec. 37.006\(a\)\(2\)\(B\)](#); [Penal Code 22.01](#).

ATTENDANCE

Every child who resides in this District who is as much as six years of age, or who is less than six years of age and has previously been enrolled in first grade, and who has not reached the age of eighteen (18), shall be required to attend a public school in the District.

Regular attendance and punctuality are required of every student. Acceptable excuses for absences and tardies include personal illness, sickness or death in the immediate family, quarantine, weather or road conditions making travel dangerous, required legal business approved in advance by the principal, religious holy days (if, *before the absence, the parent, guardian, or person having custody or lawful control of the student submits a written request for the excused absence*), a temporary absence resulting from health care professionals if the student commences classes or returns to school on the day of the appointment, or any unusual cause acceptable to the principal or the superintendent. No

student is permitted to leave the school campus during school hours without an excuse, in writing or by telephone, from the parent or guardian. These excuses must be approved by the principal or person designated by the principal or District. Once a student arrives on campus before regular school hours, he/she is expected to remain on campus unless permission to leave has been granted by an administrator.

ATTENDANCE FOR CREDIT

Board policy and State law provide that no student shall be given credit for a class or promoted to the next grade if he has not been in attendance at least 90% of the days the class is offered. A student and the student's parent or guardian shall be given written notice prior to and at such time when a student's attendance in any class drops below 90% of the days the class is offered. A student who has an "excused" absence is not in violation of the compulsory attendance law but can still be denied credit for a class if those excused absences comprise more than 10% of the days instruction is offered. Written documentation of a student's absence must be submitted by a parent/guardian within five days after the date of the absence for the absence to be considered to be excused. When a student's attendance drops below 90% of the days the class is offered, the student, parent, or representative may request award credit by submitting a written petition to the appropriate attendance committee. The attendance committee shall review the student's entire attendance record and the reasons for absences, and shall determine whether to award credit. Petitions may be filled at any time the student receives notice, but in any event, no later than 30 calendar days after the last day of classes. An attendance committee appointed by the Board may give credit if there were extenuating circumstances for the absences.

"Extenuating circumstances" are the following:

1. Board-approved extracurricular activity or public performance subject to limitations in FDD (LEGAL).
2. Required screening, diagnosis, and treatment for Medicaid-eligible students.
3. Documented health care appointment, if the student begins classes or returns to school on the same day as the appointment.
4. Temporary absence resulting from any cause acceptable to the teacher, principal, or Superintendent.
5. Juvenile court proceeding documented by a probation officer.
6. Absence required by state or local welfare authorities.
7. Family emergency or unforeseen or unavoidable instance requiring immediate attention.
8. Approved college visitation.

Absences for which the student has shown extenuating circumstances and completed routine make-up work shall be considered days of attendance for computing the required percentage of days of attendance.

A student may miss a class in a course only thirteen times in a year for participation in extracurricular activities; absences for participation for more than ten days could result in loss of credit.

AUDIO RECORDING

Using any device or technology to record the voice of another in any way that disrupts the educational environment, invades the privacy of others, or records without the prior consent of the individual is prohibited.

BICYCLE/SKATEBOARDS/ROLLERBLADES/SCOOTERS/WHEELIES

Students who ride bicycles/scooters or walk to/from school must obey all traffic laws, crossing guards, and other adults. Students must walk bicycles/scooters while on campus. Bicycles and scooters should be secured with a lock at the bike racks. Under no circumstances should these be brought inside the school building. Students who ride bicycles that are parked in places not designated for bicycle parking, are ridden during the school day, or are ridden on sidewalks are subject to disciplinary action. Schools are not responsible for lost or stolen bicycles or scooters. Skateboards, scooters, roller blades, skates, and wheelies are prohibited from use at all times on all Bellville ISD campuses.

BULLYING and CYBER-BULLYING

Bullying and Cyber-bullying is prohibited and subject to disciplinary consequences in accordance with this *Student Code of Conduct* if the conduct:

1. occurs on or is delivered to school property or to the site of a school-sponsored or school-related activity on or off school property;
2. occurs on a publicly or privately owned school bus or vehicle being used for transportation of students to or from school or a school-sponsored or school-related activity; or
3. occurs off school property or outside of a school-sponsored or school-related activity if it constitutes cyberbullying that: (A) interferes with a student's educational opportunities; or (B) substantially disrupts the orderly operation of a classroom, school, or school-sponsored or school-related activity. [TEC Sec. 37.0832](#), [TEC Sec. 37.0052](#).

In addition to any disciplinary action, phones and other communication devices may be confiscated and/or searched and students should be aware that any images suspected to violate criminal laws will be referred to law enforcement authorities.

DATING VIOLENCE and SEXUAL HARASSMENT

The District believes that every student has the right to attend school and school-related activities free from all forms of discrimination on the basis of sex, including sexual harassment. The District considers sexual harassment of students to be serious and will consider the full range of discipline options up to and including placement in the District's DAEP, according to the nature of the offense.

Sexual harassment is defined as any unwanted physical, verbal, or visual sexual advances, requests for sexual favors, or other sexually-oriented conduct, which is offensive or objectionable to the recipient, including, but not limited to: epithets; derogatory or suggestive comments, slurs, or gestures; and offensive posters, cartoons, pictures, or drawings.

Dating violence occurs when a person in a current or past dating relationship uses physical, sexual, verbal, or emotional abuse to harm, threaten, intimidate, or control another person in the relationship. Dating violence also occurs when a person commits these acts against a person in a marriage or dating relationship with the individual who is or was once in a marriage or dating relationship with the person committing the offense, as defined by [Section 71.0021](#) of the Family Code.

All students are expected:

1. to treat one another courteously, with respect for the other person's feelings;
2. to avoid any behaviors known to be offensive; and
3. to stop these behaviors when asked or told to stop.

Reporting Prohibited Conduct. Any student who believes that he or she has experienced prohibited conduct or believes that another student has experienced prohibited conduct should immediately report the alleged acts to a teacher, school counselor, principal, or the District's Title IX coordinator for students. [*See* Policy FFH (Local); [TEC Sec. 37.083](#).] After a report of bullying is made, the principal, principal's designee, or Title IX coordinator must provide notice to (1) the parent of the alleged victim by the 3rd business day after the incident is reported; and (2) the alleged bully with a reasonable time. [*See* Policy FFI (Local).] Reports of bullying may be submitted anonymously, verbally, and/or in writing. However, the principal or designated administrator shall document the allegations in writing and record the dates and circumstance of the interview.

The District does not have jurisdiction over other situations occurring in the community even though an incident may involve students (including technology-related communications – such as emails, texting, Facebook, messages, etc. – containing threats, bullying, and/or harassment) unless there is a direct impact to the school setting. District personnel may, however, conference with students regarding inappropriate behavior and effective ways to resolve conflict.

After a report of prohibited conduct is made, a conference will be scheduled and held as soon as possible within seven days of the request. The principal, principal's designee, or Title IX coordinator that investigates the complaint will complete the investigation of the complaint within ten school days. The student or parent will be informed if extenuating circumstances delay completion of the investigation. The student will not be required to present a complaint to a person who is the subject of the complaint. See Policy FFI (LOCAL).

To the greatest extent possible, the District shall respect the privacy of the complainant, persons against whom a report is filed, and witnesses. Limited disclosures may be necessary in order to conduct a thorough investigation.

If the results of an investigation indicate that bullying has occurred, the administration will take appropriate disciplinary action. Disciplinary or other action may be taken even if the conduct did not rise to the level of bullying. However, the Family Education Rights and Privacy Act (FERPA) prohibits the District from disclosing to anyone other than the student's parent or guardian what disciplinary actions, if any, have been taken against the student who engaged in bullying.

If upon completion of the investigation the principal or designated administrator determines that the alleged incident does not rise to the level of bullying, the District will proceed in accordance with the Student Code of Conduct in deciding what, if any, discipline should be assessed other documented prohibited conduct. A parent or adult student (a student over 18 years old) who is dissatisfied with the outcome of the investigation may appeal through Board Policy FNG (LOCAL), beginning at the appropriate level.

Transfer Options. In addition to the penalties and consequences set forth in this *Student Code of Conduct*, pursuant to state law, on the request of a parent or other person with authority to act on behalf of a student who is a victim of bullying/sexual harassment/dating violence, a student who is a victim of such conduct as determined by the Board of Trustees or designee, may receive a transfer to another classroom at the campus which the victim was assigned at the time of the bullying/sexual harassment/dating violence occurred; or a campus in the school district other than the campus to which the victim was assigned at the time of the bullying/sexual harassment/dating violence occurred.

The Board of Trustees or the Board's designee shall verify that a student has been a victim of bullying/sexual harassment/dating violence before transferring the student under this section. Past student behavior may be considered when identifying bullying/sexual harassment/dating violence. The determination by the Board of Trustees or the Board's designee is final and may not be appealed. The district is not required to provide transportation to a student who transfers to another campus. There are no hearings or appeals for a transfer due to bullying/sexual harassment/dating violence behavior.

The Board may transfer the student who engaged in bullying to:

1. another classroom at the campus to which the victim was assigned at the time the bullying occurred; or
2. a campus in the district other than the campus to which the victim was assigned at the time the bullying occurred, in consultation with a parent or other person with authority to act on behalf of the student who engaged in bullying.

The transfer of a student with a disability who receives special education services and who engaged in bullying may be made only by a duly constituted ARD committee under [Education Code 37.004](#).

BUS PRIVILEGES

Bus service is a privilege for students provided by the school district. Since the district's primary responsibility in transporting students in district vehicles is to do so as safely as possible, the operator of the vehicle must focus on driving and not have his or her attention distracted by student misbehavior. Therefore, when appropriate disciplinary management techniques fail to improve student behavior or when specific misconduct warrants immediate removal, the principal and/or assistant principal may restrict or revoke a student's transportation privileges, in accordance with law. A bus driver may refer a student to the principal's office to maintain effective discipline on the bus. The principal/campus behavior coordinator must employ additional discipline management techniques, as appropriate, which can include restricting or revoking a student's bus riding privileges.

In addition to the rules for good conduct expected of each student at school, each student is also expected to:

1. Remain ten (10) feet from the bus loading location.
2. Wait quietly until the bus has stopped and the bus door has opened before entering the bus.
3. Refrain from hanging onto the bus before boarding or after leaving the bus
4. Board the bus with objects limited to the size that can be transported on the lap.
5. Refrain from bringing animals and/or glass containers on the bus.
6. Bus driver is authorized to assign seats. Sit in seat assigned by bus driver.
7. Go to your seat immediately upon entering the bus and be seated, facing forward.
8. If the school bus is equipped with seatbelts, students shall wear a seatbelt at all times.
9. Refrain from extending any part of the body out of bus window.
10. Refrain from throwing objects on or off the bus.
11. Refrain from eating or drinking on the bus.
12. Each bus has a trash can available for the disposal of materials as students are boarding or leaving the bus;
13. Never dispose of trash out the bus window or on the ground at the bus stop
14. Ride assigned bus unless provisions for an exception have been made in writing through the campus
15. Leave the bus only at the designated bus stop unless provisions for an exception have been made.

BUS STOP GUIDELINES

6. After exiting the bus, stand on the side of the road, at least ten (10) feet in front of the bus and wait until the driver signals before crossing the street.

Bus rules are posted in all of our buses. Failure to follow bus rules and bus stop guidelines will result in a bus discipline referral being completed describing the student's behavior. This referral will be forwarded to the campus administrator for further action. A copy will be maintained on file with the transportation department.

The steps taken to discipline a student are as follows:

Minor offenses such as being too loud or moving about more than the driver considers safe will result in a verbal reminder warning issued by the bus driver

Continued disrespect for the bus rules, as referenced in the Student Transportation Rules and Policies, will result in a written referral to the student's campus administrator

Major offenses such as fighting, serious insubordination / disrespect or endangerment will result in immediate referral to the student's campus administrator. In the case of misconduct that endangers the safety of other passengers or the driver, the driver has the authority to call for law enforcement assistance and will notify the principal and the transportation director as soon as possible.

Referrals to the Campus Administrator

First Offense: Warning; Student conference and parent notification

Second Offense: Parent/Student conference with campus administrator; student subject to 3-5 school days suspension of bus privileges

Third Offense: Student subject to up to ten (10) school days suspension of bus privileges

Fourth Offense: Student subject to suspension of bus privileges for remainder of semester, remainder of the school year or possibly permanent removal.

Under certain circumstances, the first offense may result in immediate removal from the bus. Examples of such behavior may include but are not limited to: fighting, profanity, destruction of property, and endangerment.

Disciplinary sanctions and changes in transportation for a student with a disability will be made in accordance with the student's Individual Education Plan (IEP) or other individually designed program.

Students may bring their own technology devices and utilize personal electronic communication devices at school in the classroom when the teacher deems them appropriate for educational purposes. **Under no circumstances should telecommunication devices be used to take photos/videos/audio in any school facility other than for instructional purposes under the direction of a teacher or at an event open to the public.** All devices must remain off and put away unless being used within a lesson during class time. The same procedures and school rules apply to using students' cell phone and other electronic devices during class. If students are participating in the BYOD program, the students' teacher will monitor and give permission for them to use their device at certain times in class. The students are only permitted to use their mobile device for programs, websites, and tools specified by their teacher.

If the students' teacher finds them using their mobile device for off-task activities then they may lose their privilege to use their mobile device at their teacher's discretion. Students and parents/guardians participating in BYOD must adhere to the Student Code of Conduct, as well as all Board policies, particularly the Internet Acceptable Use and Internet Safety Policies.

If an administrator suspects that a device may contain photos/ videos/audio taken at school or inappropriate photos/videos/ audio, the photos/videos/audio will be reviewed in the presence of the student or parent/guardian prior to the device being returned to the student. Students will be required to delete school-related photos/videos/audio that were taken in violation of these guidelines. Additionally, police will be contacted if an administrator has reason to believe that a photo/videos/audio might be a violation of law. Likewise, if an administrator suspects that a telecommunication device was used in violation of these guidelines and/or for cheating, the administrator may review the call history and/or text messages in the presence of the student or parent/guardian prior to the device being returned to the student. Violation of this policy may also result in the device being confiscated. A \$15.00 administrative fee will be assessed each time the phone is confiscated. Parent must pick up phone from a campus administrator. **Continued violation of this policy may result in disciplinary action, as deemed appropriate by the campus administrator.**

Responsibility to keep the device secure rests with the individual owner. **The School System, or its staff or employees, is not liable for any device stolen or damaged on campus.** If a device is stolen or damaged, it will be handled through the administrative office similar to other personal artifacts that are impacted in similar situations.

When an office discipline referral form is submitted, the administrator follows an investigative process. This process includes the following steps:

1. The student will have the opportunity to provide a written or dictated statement on the appropriate incident report.
2. If there is a discrepancy between the discipline office referral form and the student's incident report or for other investigative purposes, witness statements are collected from those who observed the incident and agree to provide information about what they observed.
3. Administrators collect and review pertinent student information such as special education/504 status and discipline history.
4. Administrators evaluate the level of intent and if self-defense and/or other mitigating factors were involved in the incident.
5. Administrators consider police involvement and/or information furnished under Article [15.27](#), Code of Criminal Procedure, if criminal activity was involved.

6. A decision regarding consequences is then determined pursuant to *Student Code of Conduct*.
7. Administrators notify the parent and other pertinent individuals following the investigation; however behavior of other students involved in an incident cannot be shared due to the Family Educational Rights and Privacy Act.

Within 24 hours of concluding the investigation and rendering a decision, all documentation relating to the student's discipline referral will be entered into the school data systems.

VIII. OFFENSES AND CONSEQUENCES

- A. Discipline shall be designed to improve conduct and to encourage students to adhere to their responsibilities as members of the school community. Disciplinary action shall draw on the professional judgment of teachers and administrators and on a range of discipline management techniques. Discipline shall be correlated to the seriousness of the offense, the student's age and grade level, the frequency of misbehavior, the student's attitude, the effect of the misconduct on the school environment, and statutory requirements. Because of these factors, discipline for a particular offense, unless otherwise specified by law, may bring into consideration varying techniques and responses.
- B. In deciding whether to order suspension, removal to a DAEP or expulsion--*regardless of whether the decision concerns a mandatory or discretionary action under the Texas Education Code*--the District will take into consideration: 1) self-defense; 2) intent or lack of intent at the time the student engaged in the conduct; 3) the student's disciplinary history, or 4) a disability that substantially impairs the student's capacity to appreciate the wrongfulness of the student's conduct. If appropriate, the District shall also consider the student's age, attitude, the seriousness of the offense, and the potential effect of the misconduct on the school environment. These disciplinary actions apply equally to all students, except as provided under Board Policy and legal requirements related to students with disabilities.
- C. In considering self-defense, self-defense may be considered as a mitigating circumstance only when the student has a reasonable belief that the student's response is immediately necessary to protect himself/herself against the other's use or attempted use of improper force that could result in serious bodily injury. Reasonable belief in the school setting means a belief that would be held by the school principal or other appropriate administrator in the same circumstances as the actor. Each student is responsible for making every effort to avoid the use of any force and is expected to remove himself or herself from the situation if at all possible. The District does not condone or authorize students to use force against another individual, even if that individual provokes or instigates a fight or altercation.
- E. A student's parent or guardian will be notified in writing of a violation of the student code of conduct committed by the student that results in suspension, removal to a disciplinary alternative education program, or expulsion.

- F. This section of the Discipline Management Plan provides a description of a wide range of behaviors considered to be misconduct. The behaviors described here are representative of the misconduct which most frequently causes disruption of the education process. The list does not include all types of misconduct included in Board Policy and Administrative Procedures. The student who commits an act of misconduct which is not listed will be subject to the disciplinary authority of the campus staff.

Parental Notification: There is no legal right on the part of a parent to be notified or to be present when students are in conversation with or being questioned by school officials concerning school-related behaviors or concerns. Unless under arrest, students are not legally entitled to be read their rights (“Miranda Warnings”) when being questioned by school officials concerning school-related behaviors or concerns.

The appropriate administrator/campus behavior coordinator shall promptly notify a student’s parent by phone or in writing person of any violation that may result in a detention outside of regular school hours, in-school or out-of-school suspension, placement in a DAEP, placement in a JJAEP, or expulsion. The designated administrator/campus behavior coordinator shall also notify a student’s parent if the student is taken into custody by a law enforcement officer under the disciplinary provisions of the Education Code. A good faith effort shall be made on the day the action was taken to provide to the student for delivery to the student’s parent written notification of the disciplinary action. If the parent has not been reached by telephone or in person by 5:00 p.m. of the first business day after the day the disciplinary action was taken, the administrator/campus behavior coordinator shall send written notification by U.S. Mail. If the administrator/campus behavior coordinator is not able to provide notice to the parent, the principal or designee shall provide the notice. Notification will be made within three school days after the administrator becomes aware of the violation. Before the principal or appropriate administrator assigns a student under 18 to detention outside regular school hours, notice shall be given to the student’s parent to inform him or her of the reason for the detention and permit arrangements for necessary transportation.

Questioning of Students by Outside Authorities: When law enforcement officers or other lawful authorities such as CPS wish to question or interview a student at school, the principal or designee will cooperate fully regarding the conditions of the interview, if the questioning or interview is part of a child abuse investigation. In other circumstances:

1. The principal shall verify and record the identity of the officer or other authority and request an explanation of the need to question or interview the student at school;
2. **The principal ordinarily shall make reasonable efforts to notify the student’s parents or other person having lawful control of the student. If the interviewer raises what the principal considers to be a valid objection to the notification, parents will not be notified. Failure or inability to notify the parents or other persons having lawful control of the student will not ordinarily prevent or delay questioning by law enforcement officials;**

3. The principal or a designee ordinarily shall be present during the questioning or interview. If the interviewer raises what the principal considers to be a valid objection to a third party's presence, the interview shall be conducted without that person's presence; such as in a case including a criminal investigation;
4. It is the police officer's responsibility to inform the student of his/her rights (Miranda Warning) when required by law. Once a police officer begins questioning a student, all responsibility for such questioning rests with the police officer.

Bellville ISD will not impede the questioning of a student by a law enforcement officer who has a subpoena, court order, warrant, or directive to apprehend, or who is willing to take the child into custody and remove the child from campus for investigation regarding a nonschool-related matter under *Texas Family Code 52.01*. In case of removal from the campus, the law enforcement officer will be requested to follow campus procedures for checking the student out of school. However, absent one of these provisions, school personnel will request that, prior to allowing an interview for nonschool-related matters, parental permission must be obtained.

IX. DETERMINING SERIOUS OR PERSISTENT MISBEHAVIOR

To find a student has engaged in serious or persistent misbehavior, the Board's designee must find:

1. That the student has engaged in a Class B offense or that the student's continued presence in the regular classroom program or at the student's regular campus presents danger of physical harm to the student or another individual; or
2. That the student has engaged in two or more Class C or Class D offenses.

The Board's designee may conclude that a student has engaged in serious or persistent misbehavior if the student, while under the district's jurisdiction, has committed one or more critical/serious offenses as previously defined.

X. GANG-FREE SCHOOL ZONE

Bellville ISD is a Gang-Free School Zone, under Penal Code section 71.028. This section establishes Gang-Free School Zones and provided for enhanced punishment for gang-related criminal activity occurring in, on, or within 1,000 feet of any real property that is owned, rented, or leased by a school or school board. Under the act punishment for certain offenses is increased to the punishment prescribed for the next highest category of offense if the actor is 17 years of age or older and it is shown beyond a reasonable doubt on the trial of the offense that the actor committed the offense at a location that was owned, rented, or leased by a school or school board.

XI. NONDISCRIMINATION UNDER TITLES II (ADA), VI, AND IX AND 504

Bellville ISD does not discriminate on the basis of sex, disability, race, religion, color, gender, age, or national origin, in providing educational services and/or activities, including career and technical programs, nor in its employment practices in accordance with Title VI of the Civil Rights Act of 1964, as amended; Title IX of the Educational Amendments of 1972; and Section 504 of the Rehabilitation Act of 1973, as amended. Inquiries/complaints concerning the application of Title IX and its implementing regulations may be referred to the District's Title IX Coordinator, Mike Coker, at 518 South Mathews, Bellville, TX 77418, (979) 865-3133, or the Office of Civil Rights. Mike Coker, Superintendent of Schools, has been designated to coordinate compliance with the nondiscrimination requirements of Section 504 of the Rehabilitation Act of 1973. Inquiries/complaints concerning 504 may be referred to Mike Coker at 518 South Mathews, Bellville, TX 77418, (979) 865-3133.

Bellville ISD does not discriminate on the basis of disability by denying access to the benefits of District services, programs, or activities. To request information about the applicability of Title II of the Americans with Disabilities Act (ADA), interested persons should contact Mike Coker, Superintendent of Schools.

XII. CORPORAL PUNISHMENT

Corporal punishment is permitted in order to preserve an effective educational environment, free from disruption, unless the student's parent or guardian has provided a signed statement prohibiting its use. Corporal punishment shall be reasonable and moderate and may not be administered maliciously or for the purpose of revenge. Such factors as the size, age, and physical, mental, and emotional condition of the student; the type of instrument to be used; the amount of force to be used; and the part of the body to be struck shall be considered before administering any corporal punishment.

A disciplinary record shall be maintained and shall contain the name of the student, the type of misconduct, any previous disciplinary actions, the type of corporal punishment administered, the names of witnesses present and the date and time of the punishment. Disciplinary records shall be made available to parents or the student, whichever is appropriate.

Corporal punishment should be used sparingly, cautiously, and with the best interest of the student in mind. However, when corporal punishment is to be administered, the following procedures are to be followed: corporal punishment can only be done with the approval of the Superintendent, corporal punishment will be administered by the school principal, assistant principal, or other professional designated by the principal in the presence of one other District professional employee and in a designated place out of view of other students.

When administered, respect for the student is foremost, and punishment will be done in a private place. The student must be made aware of why he/she is to receive corporal

punishment and should have the opportunity to say if there is any family or medical reason why he/she should not receive said punishment.

The principal is responsible for determining that the adult, who is administering the corporal punishment, whether it is himself/herself or another adult, is doing so in a respectful manner and without any emotional involvement.

XIII. DISCIPLINARY ALTERNATIVE EDUCATION PROGRAMS

The district shall make reasonable efforts to provide for the continuing education of a student removed to an alternative education program. A student placed in an alternative education program is prohibited from attending or participating in building sponsored or school-related activities.

The district may not charge the student for a course provided under this subsection.

The notice shall include information regarding all available methods for completing the coursework.
11. A student younger than six (6) years of age may not be removed from class and placed in the Alternative Learning Center.

C. Disciplinary Alternative Education Program (DAEP) Requirements

Conference:

1. A conference shall be held not later than the third class day after the day on which a student is removed from class by the teacher [§ 37.002(b)] or by the school principal or other appropriate administrator [§ 37.006], the student's parent or guardian, the teacher removing the student (if any), and the student.
 - a. The student is entitled to written or oral notice of the reasons for the removal, an explanation of the basis for the removal to the DAEP, and an opportunity to respond to the reasons for the removal.
 - b. Following the conference, and whether or not each requested person is in attendance after valid attempts to require the person's attendance, the principal or other appropriate administrator shall order the placement of the student as provided in § 37.002 or § 37.006 of the Texas Education Code, as applicable, for a period consistent with this Student Code of Conduct.
 - c. The decision of the Board's designee is final and may not be appealed

Before a Board's designee places a student in a disciplinary alternative education program for a period that extends beyond the end of the school year, the Board's designee must determine that:

- a. the student's presence in the regular classroom program or at the student's regular campus presents a danger of physical harm to the student or to another individual;
or
 - b. the student has engaged in serious or persistent misbehavior that violates the district's Student Code of Conduct.
2. A student placed in a disciplinary alternative education program in another district that enrolls in Bellville ISD before the expiration of the period of placement will continue disciplinary alternative education program placement until the term of placement expires. Bellville ISD may also place a student in a disciplinary alternative education program if

- a. the student was placed in a disciplinary alternative education program by an open-enrollment charter school under section 12.131 and the charter school provides to the district a copy of the placement order; or
- b. the student was placed in a disciplinary alternative education program by a school district in another state and
 - 1) the out-of-state district provides to the district a copy of the placement order; and
 - 2) the grounds for the placement by the out-of-state district are grounds for placement in Bellville ISD.

If a student was placed in a disciplinary alternative education program by a school district in another state for a period that exceeds one year and if that placement is continued, Bellville ISD shall reduce the period of the placement so that the aggregate period does not exceed one year unless, after a review, the district determines that the student is a threat to the safety of other students or to district employees.

3. A student placed in an alternative education program shall be provided a review of the student's status including a review of the student's academic status by the Board's designee at intervals not to exceed 120 days. In the case of a high school student, the Board's designee, with the student's parent or guardian, shall review the student's progress toward graduation and establish a specific graduation plan for the student. The District is not required to provide in the District's DAEP a course not specified under Texas Education Code § 37.008. At the review, the student or the student's parent or guardian must be given the opportunity to present arguments for the student's return to the regular classroom or campus. To assess a student's academic growth in the District DAEP, the District shall administer to a student placed in a program for a period of 90 school days or longer an assessment instrument approved by the commissioner for that purpose.
4. The decision of the Board's designee to remove a student to an alternative education program is not appealable. In determining the length of assignment for the student, the principal, or assistant principal may consider the seriousness of the offense, the discipline record of the student, the age of the student, the effect of the misconduct on the school environment, and/or previous assignments of other students for similar misconduct. Discipline assignments will not exceed one calendar year absent a finding that the student is a threat to the safety of other students or to district employees.
5. For seniors who are eligible to graduate and are assigned to a DAEP at the time of graduation, the placement in the program will continue through graduation, and the student will not be allowed to participate in the graduation ceremony and related graduation activities, unless otherwise specified in the DAEP placement order.

6. If a student withdraws from the district before an order for placement in a disciplinary alternative education program is entered, the principal or Board, as appropriate, may complete the proceedings and enter an order. If the student subsequently enrolls in the district during the same or subsequent school year, the district may enforce the order at that time, except for any period of the placement that has been served by the student on enrollment in another district that honored the order. If the principal or Board fails to enter an order after the student withdraws, the next district in which the student enrolls may complete the proceedings and enter an order. If, during the term of a placement ordered, a student engages in additional conduct for which placement in a disciplinary alternative education program or expulsion is required or permitted, additional proceedings may be conducted regarding that conduct and the principal or Board, as appropriate, may enter an additional order as a result of those proceedings.
7. Regarding DAEP placements, if the Superintendent or the Superintendent's designee receives notice under Article 15.27(g), Code of Criminal Procedure, i.e. the office of the prosecuting attorney or the office or officer designated by the juvenile court notifies the District that prosecution of the student's case was referred for lack of prosecutorial merit or insufficient evidence; or the court or jury found the student not guilty or made a finding that the student did not engage in delinquent conduct or conduct indirectly aimed for supervision and the case is dismissed with prejudice; the Superintendent or designee shall review the student's placement in the DAEP. The student may not be returned to the regular classroom pending the review.

The Superintendent or designee shall schedule a review of the student's placement with the student's parent or guardian not later than the third class day after the Superintendent or designee receives notice from the office or official designated by the court. After reviewing the notice and receiving information from the student's parent or guardian, the Superintendent or designee may continue the student's placement in the DAEP if there is reason to believe that the presence of the student in the regular classroom threatens the safety of other students or teachers.

The student or the student's parent or guardian may appeal the Superintendent's decision described above to the Board of Trustees. The student may not be returned to the regular classroom pending the appeal. The Board shall, at the next scheduled Board meeting, review the notice provided under Article 15.27(g) of the Code of Criminal Procedure, and receive information from the student, the student's parent or guardian, and the Superintendent or designee and confirm or reverse the decision described above. If the Board confirms the decision of the Superintendent or designee, the Board shall inform the student and the student's parent or guardian of the right to appeal to the Commissioner of Education. The student may not be returned to the regular classroom pending an appeal to the Commissioner. This appeal process does not apply to placement to the DAEP made in accordance with § 37.006(a), but only to off campus felony removals described above.

D. Appeals Procedures for DAEP Assignments

1. In order to appeal, the student or his/her parent or guardian must notify the campus administrator in writing of the desire to do so within two (2) school days from the date he/she or they were informed of the decision for the placement in a DAEP. If no appeal is taken within two (2) school days, the decision of DAEP placement shall be final.
2. Any notice of appeal shall contain the student's name, the date of issuance of the decision under appeal, the name of the official whose decision is under appeal, the aspects of the decision which the student wishes to appeal, and the grounds for such appeal. If the student or parent will be represented in a conference at any level by an attorney, the District must be notified in advance of the conference so that the administration can obtain equal representation. Failure to do so will result in the need to reschedule the conference.
3. The Board designates the Superintendent or the Superintendent's designee to hear appeals of DAEP assignments.
4. In the event of an appeal, the campus administrator who received the appeal request shall notify the Superintendent or Superintendent's designee who shall arrange a time for hearing the appeal. The Superintendent or the Superintendent's designee shall notify the parent or guardian of the time and place of the hearing. The hearing shall be held within ten (10) school days of the date of filing the appeal, unless the parent or guardian agrees to an extension.
5. Pending the appeal, the student shall be assigned to and shall attend the DAEP.
6. At the hearing of the appeal, the Superintendent or Superintendent's designee shall confer with the campus administration and the student and his/her parent or guardian, review the record, and determine whether the DAEP placement should be sustained or reversed, or if the period of time of the assignment should be modified.
7. The student's parent or guardian shall be notified in writing within five (5) school days of the date of the appeal hearing of the decision of the Superintendent or the Superintendent's designee.
8. The decision of the Board's designee to place a student in a disciplinary alternative education program is final and not appealable.

E. Emergency Placement and/or Emergency Expulsion

Emergency Placement

The principal or appropriate administrator may order a student to be immediately placed in an alternative education program if it is reasonably believed that the student's behavior is so unruly, disruptive, or abusive that it interferes with:

1. A teacher's ability to communicate effectively with students in a class;
2. The ability of the student's classmates to learn;
3. The operation of the school or school sponsored activity; or
4. If the appropriate administrator reasonably believes that eminent harm is likely.

At the time of the emergency placement the student shall be given oral notice of the reasons for emergency placement in a DAEP. The reason must be a reason for which placement in a disciplinary alternative education program may be made on a nonemergency basis. Within a reasonable time, but not later than the 10th day after the date of the placement, the student will be afforded appropriate due process as outlined in this code. The principal or appropriate administrator shall not be liable for civil damages for an emergency placement.

Emergency Expulsion

The principal or appropriate administrator has the right to order the immediate expulsion of a student for any reason for which expulsion may be made on a nonemergency basis.

At the time of the emergency expulsion the student shall be given verbal notice of the reason for the emergency expulsion. The reason must be a reason for which placement in a disciplinary alternative education program or expulsion may be made on a nonemergency basis. The student shall be given the appropriate due process required for a student facing expulsion. The principal or appropriate administrator is not liable for civil damages for an emergency expulsion.

- D. Before being suspended, a student shall have an informal conference with the Principal or the Principal's designee, who shall advise the student of the conduct of which he or she is accused. The student shall be given the opportunity to explain his or her version of the incident before the administrator's decision is made.
- E. In deciding whether to order out-of-school suspension, the Principal or the Principal's designee shall take into consideration self-defense, intent or lack of intent at the time the student engaged in the conduct, the student's disciplinary history, or a disability that substantially impairs the student's capability to appreciate the wrongfulness of the student's conduct. When a student is assigned Out-of-School Suspension (OSS), the student is not permitted on school district property and restricted from participation in school-sponsored or school-related extracurricular or co-curricular activities.
- F. Upon return to school, the student shall request his or her missing assignments from each teacher. Work completed and returned within the time designated by the teacher, with the time allowed not to exceed one day for each day of suspension, will be accepted with a maximum grade of 80. The student will be counted present toward meeting the 90% attendance rule.
- G. The decision of the Board's designee to suspend a student is final and not appealable. However, notice of the reason(s) for suspension and an informal opportunity for the student to give his or her side of the story is required.

XV. APPEAL PROCEDURES FOR CAMPUS-LEVEL DISCIPLINE

As outlined in this Code of Conduct, an appropriate school administrator may assign campus-level discipline to a student who violates the Student Code of Conduct. Campus-level discipline includes, but is not limited to, any and all discipline management techniques described in the Class C and Class D offense consequences sections of this Code. The Board designates the campus principal, vice-principal or other appropriate campus-level administrator to hear any appeal regarding campus-level discipline. The decision of the campus-level administrator who hears the appeal is final and not appealable.

Parental questions or complaints regarding ancillary issues related to disciplinary measures should be addressed informally with the teacher or campus administration, as appropriate or in accordance with Board Policy FNG (LOCAL). This process, however, may not be used to overturn a disciplinary assignment.

XVI. EXPULSION

A. Length of expulsion

1. In determining the length of expulsion for the student, the principal, or assistant principal may consider the seriousness of the offense, the discipline record of the student, the age and grade level of the student, the student's attitude, the effect of the misconduct on the school environment, and/or previous expulsion terms of other students for similar misconduct, along with all applicable statutory requirements. The duration of a student's expulsion shall be determined on a case-by-case basis. Discipline assignments will not exceed one calendar year, unless, after review, the District determines that the student is a threat to the safety of other students or to district employees, or extended expulsion is in the best interest of the student. If a student is expelled for bringing a firearm, as defined by 18 U.S.C. § 921, the student must be expelled for a period of at least one year. However, the superintendent or other appropriate administrator may modify the length of the expulsion on a case-by-case basis. A student under age 10 shall be expelled for a federal firearm violation, but will be provided educational services in an Alternative Education Program.
2. A student who, before the date on which a juvenile justice alternative education program for the county in which the student resides begins operation, engages in conduct requiring mandatory expulsion shall be expelled for a period not to exceed one year.
3. If the student enrolls in another school district before the expiration of the period of expulsion, a copy of the expulsion order shall be provided to that district at the same time other student records are provided.
4. The District shall decide on a case-by-case basis the placement of a newly enrolled student in Bellville Independent School District who has been expelled from another school district or open-enrollment charter school.
5. The expulsion of a student who was expelled by a school district in another state will be continued if
 - a. the out-of-state district provides to the district a copy of the expulsion order; and
 - b. the grounds for the expulsion are also grounds for expulsion in Bellville ISD.
 - c. If a student was expelled by a school district in another state for a period that exceeds one year, Bellville ISD shall reduce the period of the expulsion or placement so that the aggregate period does not exceed one year, unless, after a review, the district determines that:
 - (1) the student is a threat to the safety of other students or to district employees; or
 - (2) extended placement is in the best interest of the student.
6. If a student withdraws from the district before an order for expulsion is entered, the principal or Board, as appropriate, may complete the proceedings and enter an order. If the student subsequently enrolls in the district during the same or subsequent school year, the district may enforce the order at that time, except for any period of the expulsion that has been served by the student on enrollment in another district that honored the order. If the principal or Board fails to enter an order after the student withdraws, the next district in which the student enrolls may complete the proceedings and enter an order.

7. If, during the term of expulsion ordered, a student engages in additional conduct for which expulsion is required or permitted, additional proceedings may be conducted regarding that conduct and the principal or Board, as appropriate, may enter an additional order as a result of those proceedings.
8. Expelled students are prohibited from being on school grounds or attending school-sponsored or school-related activities during the period of expulsion.

XVII. APPEAL PROCEDURES FOR EXPULSION

Before a student may be expelled, the Board or its designee must provide the student a hearing at which the student is afforded appropriate due process as required by the federal constitution and which the student's parent or guardian is invited, in writing, to attend. At the hearing, the student is entitled to be represented by the student's parent or guardian or another adult who can provide guidance to the student and who is not an employee of the school district. If the student or parent will be represented in a conference at any level by an attorney, the District must be notified in advance of the conference so that the administration can obtain equal representation.

If the District makes a good-faith effort to inform the student and the student's parent or guardian of the time and place of the hearing, the District may hold the hearing regardless of whether the student, the student's parent or guardian, or another adult representing the student attends. If the decision to expel a student is made by the Board's designee, the decision may be appealed through the district's appeals process to the Board. The decision of the Board may be appealed by trial de novo to a district court of the county in which the school district's central administrative office is located.

The Board's designee shall send to the student and the student's parent or guardian a copy of the expulsion order.

After the school district notifies the parents or guardians of a student that the student has been expelled, the parent or guardian shall provide adequate supervision of the student during the period of expulsion.

A. Expulsion procedure

1. The student may only be expelled by written order setting the term of expulsion.
2. Before the expulsion, the Board's designee must provide the student a hearing at which the student is afforded due process which shall include the following:
 - a. prior notice of the charges and the proposed sanctions as to afford a reasonable opportunity for preparation;
 - b. right to a full and fair hearing before the Board or its designee;
 - c. right to an adult representative or legal counsel, though after providing notice to the student and parent of the hearing, the district may hold the hearing regardless of whether the student's parent attends;

- d. opportunity to testify and present evidence and witness(es) in his or her defense;
 - e. opportunity to examine the evidence presented by the school administration and to question the administration's witness; and
 - f. pending the expulsion hearing, a student will be suspended provided that the hearing shall be held within a reasonable time from the date of the offense.
3. The Board designates the campus principal, assistant principal or other appropriate administrator to conduct the expulsion hearing.

B. Appeals Procedure

1. The student or his/her parent or guardian may appeal the decision of the campus principal, assistant principal or other appropriate administrator/campus behavior coordinator who conducted the expulsion hearing. In order to appeal, the student, his/her parents or guardian must notify the Superintendent or Superintendent's designee in writing of the desire to appeal within three (3) school days from date they were informed of the expulsion decision. Otherwise, the act of expulsion shall be final and be put into effect upon the next school day.
2. Any notice of appeal shall contain the student's name, the date of issuance of the decision under appeal, the name of the official whose decision is under appeal, the aspects of the decision which the student wishes to appeal, and the grounds for such appeal.
3. In the event of an appeal, the Superintendent or the Superintendent's designee shall notify the parent or guardian of the time and place of the hearing. The hearing shall be held within ten (10) school days of the date of filing the appeal, unless the parent or guardian agrees to an extension.
4. Pending the Superintendent or Superintendent Designee appeal, the student shall be assigned to and shall attend the DAEP.
5. The Superintendent or Superintendent's designee shall conduct the appeal hearing, review the record, provide a presentation opportunity to both the student/parent and the administration, and issue a written decision within five (5) school days following the hearing.
6. The student or his/her parent or guardian may appeal the decision of the Superintendent or Superintendent's designee to the Board of Trustees by notifying the Superintendent or Superintendent's designee in writing of the desire to appeal within three (3) school days from date they were informed of the expulsion decision. Otherwise, the act of expulsion shall be final and be put into effect upon the next school day.

7. In the event of an appeal, the Superintendent or the Superintendent's designee shall notify the parent or guardian of the time and place of the hearing before the Board of Trustees.
8. Pending the Board appeal, the student shall be assigned to and shall attend the DAEP.
9. In the appeal, the Board shall review the record of the expulsion hearing in a closed meeting unless the parent requests in writing that the matter be held in an open meeting. The Board may also hear statements from the student or parent and from the Board's designee. The Board shall base its decision on the evidence in the record and any statements made by the parties at the review. The Board shall then affirm the decision of the Superintendent's designee or reverse it, communicating its decision orally at the end of the presentation. The decision of the Board of Trustees shall be the final decision of the school district and implemented immediately.
10. Parental questions or complaints regarding ancillary issues related to disciplinary measures should be addressed informally with the teacher or campus administration, as appropriate or in accordance with Board Policy FNG (LOCAL). This process, however, may not be used to overturn a disciplinary assignment.

XVIII. PLACEMENT AND/OR EXPULSION FOR SERIOUS OFFENSES

This section includes two categories of serious offenses for which the Texas Education Code provides unique procedures and specific consequences.

A. Registered Sex Offenders

Upon receiving notification in accordance with state law that a student is currently required to register as a sex offender, the administration must remove the student from the regular classroom and determine appropriate placement unless the court orders JJAEP placement.

If the student is under any form of court supervision, including probation, community supervision, or parole, the placement will be in either DAEP or JJAEP for at least one semester.

If the student is not under any form of court supervision, the placement may be in a DAEP or JJAEP for one semester or the placement may be in a regular classroom. The placement may not be in the regular classroom if the Board or its designee determines that the student's presence:

1. Threatens the safety of other students or teachers;
2. Will be detrimental to the educational process; or
3. Is not in the best interests of the district's students.

At the end of the first semester of a student's placement in an alternative educational setting and before the beginning of each school year for which the student remains in an alternative placement, the District shall convene a committee, in accordance with state law, to review the student's placement. The committee will recommend whether the student should return to the regular classroom or remain in the placement. Absent a special finding, the Board or its designee must follow the committee's recommendation.

The placement review of a student with a disability who receives special education services must be made by the ARD committee.

If a student enrolls in the District during a mandatory placement as a registered sex offender, the District may count any time already spent by the student in a placement or may require an additional semester in an alternative placement without conducting a review of the placement.

A student or the student's parent may appeal the placement by requesting a conference between the Board or its designee, the student, and the student's parent. The conference is limited to the factual questions of whether the student is required to register as a sex offender. Any decision of the Board or its designee under this section is final and may not be appealed.

B. Title 5 Felonies

Regardless of whether placement or expulsion is required or permitted by one of the reasons in the Mandatory Removal or Expulsion Offenses, in accordance with the Texas Education Code 37.0081, a student may be expelled and placed in either DAEP or JJAEP if the Board or its designee makes certain findings and the following circumstances exist in relation to a felony offense under Title 5 of the Texas Penal Code. The student must:

1. Have received deferred prosecution for conduct defined as aggravated robbery or a Title 5 felony offense;
2. Have been found by a court or jury to have engaged in delinquent conduct for conduct defined as aggravated robbery or a Title 5 felony offense;
3. Have been charged with engaging in conduct defined as a Title 5 felony offense;
4. Have been referred to a juvenile court for allegedly engaging in delinquent conduct for conduct defined as aggravated robbery or a Title 5 felony offense.
5. Have received probation or deferred adjudication or have been arrested for, charged with, or convicted of aggravated robbery or a Title 5 felony offense.

The District may expel the student and order placement under these circumstances regardless of:

1. The date on which the student's conduct occurred,
2. The location at which the conduct occurred;
3. Whether the conduct occurred while the student was enrolled in the District, or
4. Whether the student has successfully completed any court disposition requirements imposed in connection with the conduct.

The student must first have a hearing before the Board or its designee, who must determine that in addition to the circumstances above that allow for the expulsion, the student's presence in the regular classroom:

1. Threatens the safety of other students or teachers;
2. Will be detrimental to the educational process; or
3. Is not in the best interests of the district's students.

Any decision of the Board or the Board's designee under this section is final and may not be appealed.

The student is subject to the placement until:

1. The student graduates from high school;
2. The charges are dismissed or reduced to a misdemeanor offense;
3. The student completes the term of the placement or is assigned to another program.

A student who enrolls in the District before completing a placement under this section from another school district must complete the term of the placement.

XIX. TEACHER REMOVAL OF STUDENTS FROM CLASS

A. A teacher may send a student to the principal's office to maintain effective discipline in the classroom. The principal shall respond by employing appropriate discipline management techniques consistent with the Student Code of Conduct.

B. A teacher may remove from class a student:

1. who has been documented by the teacher to interfere repeatedly with the teacher's ability to communicate effectively with the students in the class or with the ability of the student's classmates to learn; or
2. whose behavior the teacher determines is so unruly, disruptive, or abusive that it seriously interferes with the teacher's ability to communicate effectively with the students in the class or with the ability of the student's classmates to learn.

C. A teacher shall remove from class and send to the principal for placement in an alternative education program or for expulsion, as appropriate, a student who engages in conduct described under Section 37.006 or 37.007, of the Texas Education Code.

D. If a student has been formally removed from class by a teacher for conduct against the teacher containing the elements of assault, aggravated assault, sexual assault, aggravated sexual assault, murder, capital murder, or criminal attempt to commit murder or capital murder, the student may not be returned to the teacher's class without the teacher's consent. The teacher may not be coerced to consent.

XX. DISCIPLINARY ACTIONS REGARDING STUDENTS WITH DISABILITIES

- A. Students with disabilities served under IDEA will be disciplined in accordance with state and federal law. In accordance with the Education Code, a student who receives special education services may not be disciplined for conduct meeting the definition of bullying, harassment, or making hit lists until an ARD committee meeting has been held to review the conduct. The Discipline Management Plan and the Student Code of Conduct apply to all students, including a student with disabilities.
- B. In deciding whether to order suspension, DAEP placement or expulsion, regardless of whether the action is mandatory or discretionary, the district shall take into consideration a disability that substantially impairs the student’s capacity to appreciate the wrongfulness of the student’s conduct.
- B. Students with disabilities served pursuant to Section 504 (“Section 504 students”) will be disciplined in accordance with state and federal law. The Student Code of Conduct apply to all students, including Section 504 students.

To the extent that any conflict exists between this Code and state and/or federal law, state and/or federal law shall prevail.

XVIII. EXTRACURRICULAR ACTIVITIES, CLUBS, AND ORGANIZATIONS

Student clubs and performing groups such as, but not limited to, band, choir, cheerleading, and drill and athletic teams may establish standards of behavior – including consequences for misbehavior – that are stricter than those for students in general. If a violation is also a violation of school rules, the consequences specified by the Student Code of Conduct or by local policy will apply in addition to any consequences specified by the organization(s). All standards of behavior and any related consequences established or specified by the applicable organization(s) are adopted and incorporated herein.

XXI. SEXUAL ASSAULT AND CAMPUS ASSIGNMENTS

If a student has been convicted of or placed on deferred adjudication for sexual assault or aggravated sexual assault against another student on the same campus, and if the victim or the victim's parents request that the board transfer the offending student to another campus, the offending student shall be transferred to another campus in the District. If there is no other campus in the District serving the grade level of the offending student, the offending student will be transferred to a DAEP.
